When I get back, when I get back home  
I won't be the same no more

Calling calling across the water  
Calling calling from a long time gone I know  
Oh my heart it was in trouble  
But it will be changed  
I won't feel it anymore

When I get back, when I get back  
I don't feel the same, I don't feel the same  
I don't feel it anymore  
When I get back, when I get back  
I don't feel the same, I don't feel the same  
I don't feel it anymore

So no more howling at the weather  
No more bad dreams kicking, kicking down the door  
Ah let's stay, let's stay together  
Staying up all night in this capital of snow

When I get back, when I get back  
I don't feel the same, I don't feel the same  
I don't feel it anymore  
When I get back, when I get back  
I don't feel the same, I don't feel the same  
I don't feel it anymore

And what I saw, I saw lightning  
I saw cities, planes, and stars I've never known  
And I'll never be cool  
It might sound simple, might sound strange  
It comes, it comes, it comes, it comes,  
Comes straight from the heart  
Comes straight from the heart  
Comes straight from the heart  
I will be changed

When I get back  
When I get back

When I get back, when I get back home

I won't be the same no more
