"Carry Me"

I'll step aside this time around
Open ears await a still and quiet voice
Not with the timing that I have
Ready to make any change required of me

When I can't see where this uncharted life of mine is
going
All I ask is carry me
And when I can't see past the cloudy skies that are
looming up ahead
Hold my hand and carry me

Here with the world surrounding me
Enduring everyday is more than I can do
I lack the patience that it takes
So I am standing on the promise made to me

When I can't see where this uncharted life of mine is
going
All I ask is carry me
And when I can't see past the cloudy skies that are
looming up ahead
Hold my hand and carry me
