I've tried and tried  
To understand what  
What you've been thinking  
So where's your pride  
When your security  
Is self-seeking

Misleading on  
You're an example  
Leading kids astray  
So carry on  
Don't you count on  
Any help from me

(Chorus)  
Can't you see that your life's breaking  
It's what you wanted, I don't think so  
Are these walls that you've been making  
What you wanted, do you even know  
(End Chorus)

When you fall down  
If you need me  
I'll be waiting  
You convict yourself  
Maintaining  
Your integrity

(Repeat Chorus)

(Repeat Chorus)
