From the dawning of my infancy
You were always watching over me
Realization of a vacant heart
Searching, come to find out you were worlds apart

(Chorus)

I fear the time, when my mind's
Confused by my example
A portrait of, to show you love
Greater hopes and promises for you
(End Chorus)

In these years past I've come to be
More aware of oppurtunities
Every now and then deferring right, hoping
You don't see the conflicts in my life

(Repeat Chorus)
