It's not getting later
There's no common place
And everything's taken
With these expectations
Of getting this right
Who could avoid failure

With hands tied behind my back
I stand helpless waiting
Confined to this breaking point
I don't stand alone

How have I forgotten
The source of control?
My first inspiration
When trying to take on
This life obstacle
I need to remember

With hands tied behind my back
I stand helpless waiting
Confined to this breaking point
I don't stand alone

With hands tied behind my back
I stand helpless waiting
Confined to this breaking point
I don't stand alone
