When u passed me, passed me by, by
You let, let out a spark fly
Sent voltage through my veins, veins
A feel-good type of pain, pain

You sent shocks straight to my heart
My motion sensor, sensor alarm goes off
Each, each time, each time you pass
I'll light. light up so fast, light up so fast fast

You're my elec-, electronic love
Zap, zap me up with your love device
Hit me like a supersonic sub
With your, with your electronic eyes

Currents moving up and down,
Send, send me spinning round and round
Like wheels turning round the clock
Can't sleep, I can't make this stop, stop

You, you got me on a switch
You, you turn me, on, you turn me on
My circuit breakers smoking overload
Call, call 911, call, call 911 911
You're my elec-, electronic love
Zap, zap me up with your love device
Hit me like a supersonic sub
With your, with your electronic eyes

I'm wired with your elec- electronic love
Gimme the gin, hold the tonic, I'm drunk
With your elec- electronic love,
Elec-elec-electronic

Hit me like you're supersonic

You're my, you're my elec-, electronic love
Zap, zap me up with your love device
Hit, hit me like a supersonic sub
With your, with your electronic eyes

You're my, you're my elec-, electronic love

Zap, zap me up with your love device
Hit, hit me like a supersonic sub
With your, with your electronic eyes

Electronic supersonic

Call, call 911, call, call 911
Electronic
