Has anybody seen me lately I'm sorry if I passed you by  
But ever since I lost my baby all I seem to do is cry  
Built little world around me don't even know this life  
long friends  
Has anybody seen me lately I wish you tell me where

Was I looking bad was I looking sad as I feel Lord I

If anybody seen me lately pretended I was someone

Now my mind just ain't been working lately I wouldn't  
even know myself
