Verse 1:

Let me tell you babe
You had it good
Gave you the world
And you let it go

You fought me off
So now you gotta, deal with the pain
Now it's too late
There's no return
You murdered it, so let it burn
You're gonna learn
That you made one hell of a mistake

PC:

You wish I'd come back to you
You say you're sorry
But you played me like a fool
So why don't you say

Chorus:

Hello hello hello hello heartbreak
I think it's knocking at your door
Hello hello hello hello heartbreak
You might as well just let go
Hello, you said you wanted us to break
So now you gotta take your turn
Hello hello hello hello heartbreak
I hope you like feeling hurt

Verse 2:

Told myself, she gotta go
Don't wanna hear
Don't wanna know
I had enough, fighting wont do us any good

You shot my heart and now I'm numb
You cut me off so now I'm gone
You say it's love, I say it's wrong
You misunderstood

PC:

You wish I'd come back to you
You say you're sorry
But you played me like a fool
So why don't you say

Chorus (x2)

Hello hello hello hello heartbreak
I think it's knocking at your door
Hello hello hello hello heartbreak
You might as well just let go
Hello, you said you wanted us to break
So now you gotta take your turn
Hello hello hello hello heartbreak
I hope you like feeling hurt
