If I should be a broken flower
Would you show my seeds your rain
Or would I be forgotten by the hour
When it's time your seasons change

Main Chorus Vocal:

But you're the one I need
I can never be with somebody else
And if you take a look at me
You can see my heart is cryin for help
I can be anything that you want
'Cause I already gave you all of my heart
But for now all I can be is just a wannabe girlfriend

Background Chorus:

You and no one else
I'm crying help
If you want
All my heart
I will be here

If I should be a helpless sparrow
Would I feel the warmth of your hand
Or would you treat me like a broken arrow
That has no place to fly or land

But you're the one I need
I can never be with somebody else

And if you take a look at me
You can see I'm crying out for your help
I can be anything that you want
'Cause I already gave you all my heart
But for now all I can be is just a wannabe girlfriend

I wanna be the shade
underneath your trees
And when you wanna get away
You can run towards me
But I'm just a wannabe just a wannabe just a wannabe
just a wannabe
wannabe

And you're the one I need
I can never be with somebody else
And if you take a look at me
You can see my heart is cryin for help
I can be anything that you want
'Cause I already gave you all of my heart
But for now all I can be is just a wannabe girlfriend

And for now all I can be is just a wannabe wannabe.
