You've seen the new look
And you've heard the new sound
Now the Continental Walk
Is in your town

Let's do the continental walk
Get up, everybody
And let's walk, walk, walk
Let's do the continental walk
Come on, everybody now
And let's walk, walk, walk

Round and round
The Union Hall floor
Come on, let's walk now
(Walk, walk, walk) let's walk

Hey, you're looking good, baby
I want you to know
You're continental
From head to toe

You've got it made
Keep strolling with your babe
Until the music fades
(Walk, walk, walk)

Let's walk now
Come on, come on

Let's do the continental walk
Get up, everybody
And let's walk, walk, walk
Let's do the continental walk
Come on, everybody now
And let's walk, walk, walk

Round and round
The Union Hall floor
Come on, let's walk now
(Walk, walk, walk) let's walk

The Continental Dance
Is the dance of today
So you better get with it
Cause it's here, here to stay

Hey, little mama
With the pretty smile
Let's you and me
Continental awhile

The way you move on your feet
Gee, you look so sweet
Well, it's alright now
Well, it's alright
Let's go now

Let's do the continental walk
Get up, get up, get up everybody
And let's walk, walk, walk
Let's do the continental walk
Come on, everybody now
And let's walk, walk, walk

Round and round
The Union Hall floor
Come on, let's walk now
(Walk, walk, walk) let's walk

Ah, don't let me walk alone
Baby, baby, lead me on
Let's go to the Union Hall
Where everybody's having a ball
Come on, let's walk...
