So you saw her last night with her new love yes they tell
me they make quite a pair
And that they both look happy together I just wonder
not that I care
Tell me was she as lovely as ever like an angel with
gold in her hair
Does she still close her eyes when she dances I just
wonder not that I care
Once I thought I couldn't live without her oh it's funny
how wrong I could be
Cause now I hardly ever think about her what she does
doesn't mean a thing to me
Well it's late so I guess I'll be going too much smoke
what I need is some air
By the way did she ask you about me I just wonder not
that I care
