I wonder how many poor boys like me are still in love
with a foreign memory

And how many poor girls are waiting over there

With their hearts tied to a foreign love affair

Foreign love affairs distant lands apart foreign love
affairs many broken hearts

[guitar]

I'd give up a kingdom if I were a king to be with my
darling and have one golden ring

But I have no kingdom so all we have to share

Are the mem'ries of a foreign love affair

Foreign love affairs distant lands apart foreign love
affairs many broken hearts
