I have sailed the peaceful water salty ocean deep and blue  
Felt the rapture of the dawning thrilled through sunset's golden view  
I've sought above the mountain peaks for valleys great and wide  
But it's a little more like heaven by your side  
It's a little more like heaven where you are  
I have sought for happiness both near and far  
But my search for love was through the day that I met you  
Cause it's a little more like heaven where you are  
[ guitar ]  
I have watched the crystal raindrops fall to earth to cool the day  
Watched the rainbow at twilight when the clouds have flown away  
I've adored the clinging roses round my mountain home so dear  
But it's a little more like heaven when you're near  
It's a little more like heaven...

[ guitar ]  
I've been tempted for a moment by your lure and magic charms  
Of a fickle flame and beauty while waltzin' in her arms  
I cherrished mem'ries of the past of friends so kind and true  
But it's a little more like heaven here with you  
It's a little more like heaven...
