Living alone

I may be wealthy with more than my share  
I may be able to go anywhere  
I may own a kingdom and sit on a throne  
Still I'll be lonely while I'm livin' alone

I can follow the bright lights  
Keep a smile on my face  
I can travel this whole world  
But not get any place

I need you near me to stick by my side  
Please give me true love and don't shatter my pride  
If you should leave me all the dreams I have known  
Will never come true while I'm livin' alone

I need you near me to stick by my side  
Please give me true love and don't shatter my pride  
If you should leave me all the dreams I have known  
Will never come true while I'm livin' alone
