(Cindy Walker)

When the moon is shining down
Down through the moss covered trees
Never let to see you kiss
Anyone else but me.

Toujours moi, toujours moi
Let it be always me
Toujours moi, toujours moi
Your love belongs to me.

--- Instrumental ---

When your heart is lonesome
For sweet words of love cherry
Promise me nobody else will tell you
Those words but me.

Toujours moi, toujours moi
Let it be always me
Toujours moi, toujours moi
Your love belongs to me...
