You only want me when you're lonely when no one else  
want you it seems  
And even though you call me darling I know I'm never  
in your dreams  
I'm just someone you always turn to each time your  
new love turns you down  
You only want me when you're lonely when there's  
nobody else around  
[ piano ]  
I'm just your temporary sweetheart who only sees you  
now and then  
And though I say I won't forgive you I'm glad when you  
come back again  
Why do I let you fool me darling the way you break my  
heart's a crime

You only want me when you're lonely and I want you all  
of the time
