(Opens with an accoustical guitar run - Hank of course!)

Sittin' in an all-night cafe in a booth back in the corner  
Makin' wads from paper napkins, throwin' toothpicks on  
the floor  
Bet my baby's out with someone laughin' dancin' and  
romancin'  
And I bet she never thinks about me sittin' here alone.

(Release)

It can't be another woman cause I've never looked at  
anyone  
As long as I been knowin' her and that's a long, long  
time  
Drank a hundred cups of coffee and I guess I'll have  
another  
Guess I'll get myself an ulcer 'fore I get her of my mind

(Guitar Run)

Sittin in an all night cafe in a booth back in the corner  
Overheard the waitress sayin' Wonder why he don't go  
home  
I'll have another cup of coffee then I'll sit here till I  
figure out  
The reason why my baby doesn't love me any more

(Release)

It can't be another woman cause I've never looked at  
anyone  
As long as I been knowin' her and that's a long, long  
time  
Drank a hundred cups of coffee and I guess I'll have

Guess I'll get myself an ulcer 'fore I get her of my mind

(Guitar run and fade)
