Dig down deep where the ground is cold
(Dark and cold and all alone)

Tired of life all alone and blue
Happiness I never knew
In this cold world there's nothing for me
Now won't you hear my only plea

And bury me deep where the sun doesn't shine
Because sunshine I've never known
Dig down deep where the ground is cold
Dark and cold and all alone
[vibes]
You were my love only love I knew
And tonight I find I can't have you

Trouble and tears are all that I see
Now you are gone please hear my plea

(Bury me deep where the sun doesn't shine
Because sunshine I've never known)
Dig down deep where the ground is cold
Dark and cold and all alone
