It's been many, many day  
Me sail away from de isle of Trinidad  
Me leave brown skin blue eyed C'lypso sweetheart  
Most love, best love me ever had.

In de market place me see her face for very first time  
She sell fruit from de top of her head  
Me buy fruit with Yankee dime  
She love me well, how me know  
She love me, she tell me so.

I love her, I don' mean maybe  
My brown skin, blue eyed C'lypso baby  
When I hear her sing, buy my rum and rice  
It's good for you, it's very nice.

Me look around, get big surprise  
See brown skin girl with light brown skin  
She almost out of the dress she in  
Next time she sing me take guitar  
Play so hot it catch a fire.

It's been many many day  
Me sail away from de isle of Trinidad  
Me leave brown skin, blue eyed C'lypso sweetheart  
Me heart is heavy, me heart is sad.

Now I'm on my way back to Trinidad isle  
To my brown skin love with pretty smile  
There I spend all my life  
With brown skin, blue eyed C'lypso wife...
