A good gal is hard to find you always get the other kind

And when you think you've got the best in the land

You look around and see her flirtin' with some other
man

And then you rave and then you crave to see her lying
in her grave.

So guys be wise take my good advice

Hug her every mornin' kiss her every night

Give her lots of lovin' man and treat her right

'Cause a good girl nowadays is hard to find.
