(I love you most of all because you're you)
I love you because you understand dear
Every single thing I try to do
You're always there to lend a helping hand dear
I love you most of all because you're you

No matter what the world may say about me
I know your love will always see me through
I love you for the way you never doubt me
But most of all I love you cause you're you
[guitar]
I love you because my heart is lighter
Every time I'm walking by your side
I love you because the future's brighter

The door to happiness you've opened wide

(No matter what may be the style or season
I know your heart will always be true)
I love you for a hundred thousand reasons
But most of all I love you cause you're you
