(Shel Silverstein - Hank Snow)

It was back I remember in '33  
When the great Jimmie Rodgers inspired me  
To start movin' on, start rollin' on  
Said they can't do you wrong if you don't stay too long  
So keep a movin' on.

You know the famous Jimmie well he's dead and gone  
And my friend Hank Williams he sung his song  
But they both moved on yes they're done long gone  
But this old country train is still throwin' it's flames still  
a movin' on.

--- Instrumental ---

Ah, doggies keep that ole piano movin' on

From the country fairs to the honky tonks  
I played my ole guitar and I sung my songs  
I kept them movin' on didn't stay too long  
Just stay long enough so I can sing of my stuff  
And keep a movin' on.

Now that outlaw music's got a real good beat  
And the new country pop I gotta say it's sweet  
keeps you movin on I ain't a sayin it's wrong  
But when it's all disappeared you're gonna find me  
Right here still a movin' on.

On the top of the charts I used to ride with the wind  
To the number one spot I'm gonna make it again  
I keep a movin' on keep a singin' my song  
Through the blues and the soul through the rock and  
the roll  
I'll keep a movin' on.

--- Guitar Instrumental ---

Yeah talk to me guitar tell 'em about me.

Well, I see my old buddies and they're just sittin' there  
Rockin' away in that old rockin' chair  
While I'm a movin' on just rollin' on  
They've shifted too low but I'm still on the go  
And still a movin' on.

So let the big wheels roll and let that rattler shake  
This ole singing ranger ain't intending to break  
I'm still a movin on still a singin' my song  
And my old gravey train is still throwin' its flames  
Still a movin' on.

--- Guitar & fiddle Instrumental to fade ---
