I didn't plan to fall in love with you  
It just happened that way  
And all the time inside my heart  
I knew that I'd regret it some day.

Now I can't stand to be away from you  
But I'm alone every day  
I didn't plan to fall in love with you  
It just happened that way.

I saw you and I loved you  
Why I'll never know  
There wasn't one chance in a million  
That our love would grow.

You were too far up above me  
Any fool could plainly see  
But like driftwood on the river  
I floated on helplessly.

I didn't plan to fall in love with you  
It just happened that way  
And all the time inside my heart  
I knew that I'd regret it some day...
