(3/4 Time)

Last night I felt lonely so I took a walk  
I happened to glance in a tree  
Out on a limb, stood one lonely dove  
It kind of reminded me of me

I looked at the sidewalk as I walked along  
We're two of a kind I could see  
Because we've been walked on the way that I have  
It kind of reminds me of me

(Release)

Out on a limb since you left me that day  
I live in the sweet used to be  
I've heard it said that a fool never learns  
It kind of reminds me of me
