(G)We met in a garden of (D)roses  
One night when the moon was (G)blue  
We (C)kissed as the breeze whispered (G)through the  
trees

I (D)love you, I love only (G)you

Chorus:

You were (C)sweet as the dew on the (G)roses  
(C)True as the new moon (G)above  
(C)Forever and ever my (G)darling  
It's (D)you, only you that I (G)love

We (G)promised to meet in the (D)garden  
Again when the moon was (G)new  
But (C)fate came between all our (G)hopes and dreams  
For (D)heaven was lonely for (G)you

(G)Now I walk alone in the (D)garden  
Each night when the moon is (G)new  
And I (C)cry as the breeze whispers (G)through the  
trees

I (D)love you, I love only (G)you

My (C)tears make the dew on the (G)roses  
(C)Blue as the new moon (G)above  
(C)Forever and ever my (G)darling  
It's (D)you, only you that I (G)love
