Now the sweetest girl in all the world is my blue eyed
Jane

We fell in love like turtle doves while the moon was
shining down

I asked her then I asked her when the wedding bells
would ring

She said oh dear it seems so clear and this could
happen here

You're my little pal and I never knew a sweeter gal

My little ol' blue eyed Jane I love you so

And when the sun goes down and the shadow's
creeping over town

Just meet me in the lane my blue eyed Jane

[steel - fiddle]

Now Jannie dear listen here I've come to say farewell

Now the world is drear without you dear but now I
cannot linger here

I'm going no way this very day oh please come go with
me

I'll be sad and blue I'm wanting you and longing all day
through

You're my blue eyed Jane you'll always be the same
sweet thing

I know you'll never change I love you so

And when the sun goes down and the shadow's
creeping over town

Then I'll come back again my blue eyed Jane
