When the western sun is sinking and the moon creeps  
thru the sky  
And the little doggies cuddle close and dream  
Then I'll ride on down the canyon with a heart that's  
light and free  
For she's waiting there my Texas blue bonnet queen.

Chorus:

Golden lovelight shines, my darling  
In your eyes so bright and blue  
'Cause I know you'll always be  
Like a prairie flower to me.  
And you'll never fade my Texas blue bonnet queen.

Riding down the trail together, my prairie flower and I  
O'er sage brush sea our happy dreams we'll share  
'Neath the moon in all it's glory I'll whisper I love you  
And we'll link two hearts in love together there...
