I've got to make myself let go off you somehow
Stop hanging on to memory that's over now
But if I do what I have in my world I pretend
Cause to this world I go each night once more you're
mine again

Once more you're mine again you hold me close to you
And when I see you leave my world again I'm blue
I feel the teardrops on my face the hurt starts movin' in
Tonight I'll go back to my world once more you're mine
again
Tonight I'll go back to my world once more you're mine
again
