Deep within this broken heart of mine,  
All I find is memories of you;  
And I'll never get you from my mind,  
Can't seem to realize, our love was through.

Now there's all my future plans to rearrange,  
And I don't know how to make the change;  
For within this broken heart of mine,  
All I find is memories of you

Darlin' it was just a year ago;

You said I'd soon get over lovin' you.  
Now I'm writing, just to let you know;  
You were wrong, now please tell me what to do.

Now there's all my future plans to rearrange,  
And I don't know how to make the change;  
For within this broken heart of mine,  
All I find is memories of you
