Where there's dim lights and there's liqueur
They'll find you each night
The jukebox will be playing your favorite song tonight
You're the loneliest fool that's living in your make
believe world
You're a honky tonk sweetheart and anybody's girl

Though you chose the life that lead you to sorrow and
shame
Each shoulder that you cry on, you swear that I'm to
blame
You gave up the one who loved you to live in your
sorted world
You're a honky tonk sweetheart and anybody's girl

You can't say, I didn't love you as you're crying in your
beer
You drink to every heartache and wish that I was near
With each drink your passion surges and start your
head to whirl
You're a honky tonk sweetheart and anybody's girl

I don't understand your feelings but emotions are
strange things
Why you chose the life your living and gave up your
wedding ring
You flaunt your charms and beauty and toss your pretty
curls
You're a honky tonk sweetheart and anybody's girl
You're a honky tonk sweetheart and anybody's girl
