You really had yourself a fling all night parties
everything
People say you're really quite a girl
But when you fall in love at last your future will be in the
past
And I wouldn't miss it for the world
You always leave a broken heart you kiss and run away
Your little world will fall apart and that will be the day
You're gonna need a certain guy and be left settin'
high and dry
And I wouldn't miss it for the world

You think that people's hearts are play that you can
twist 'em any way
You're gonna be a very lonely girl
They'll jerk that carpet neath your feet a broken heart is
your reseat
And I wouldn't miss it for the world

You'll meet someone who'll put you in your place
I want to be around to see that look upon your face
He'll be gone and you'll remain then your teardrops fall
like rain
And I wouldn't miss it for the world
[fiddle - guitar]
You'll meet someone...
