I'M AFRAID I LIED

(Hank Cochran - Dave Kirby)

© '71 Tree Publishing

I know I told you I could take it if you had to tell me
goodbye
But you're leavin' and I don't think I can make it forgive
me but I'm afraid I lied
I am thankful for each stolen moment and I promised
that I wouldn't cry
But you're leavin' and there goes my promise forgive
me but I'm afraid I lied

We both knew it couldn't work out but we just had to try
it both sides
We said anytime we could stop it well baby you can but
but I'm afraid I lied I lied
