I hate to see it end so sudden  
I hate to hear you say we're through  
I'll treasure every golden moment  
When I was so close to you  
It's great to be king in glory  
Even though you have to fall  
It's better to have loved a little  
Than never to have loved at all

Chorus:

Of course it hurts me so to lose you  
I'm glad I had you for a while  
No heart full of love will accuse you  
And when I think of you I'll smile  
Though someone else will share your kisses  
You'll take my picture from your wall  
It's better to have loved a little  
Than never to have loved at all
