A D

I was standing just one step away when I saw you  
embrace

A E7 A

Somebody new who loves you too and now he'll take  
my place

A7 D

As I watched him kiss you I stood there in dismay

A E7 A

I could have cried when our love died, just one step  
away

E7 A

He had no right to come between as he did deliberately  
E7 B7 E7

He stole away my every dream when he took you from  
me

A A7 D

And if on some tomorrow you are a castaway

A E7 A

If he turns you down, I'll be around, just one step away

Instrumental Break

Repeat: He had no right.....
