"September In The Rain"

The leaves of brown came tumbling down
Remember that September in the rain
The sun went out just like a dying ember
That September in the rain

To every word of love, I heard you whisper
The raindrops seemed to play a sweet refrain
Though spring is here, to me it's still September
That September in the rain

The leaves of brown came tumbling down
Remember that September in the rain
The sun went out just like a dying ember
That September in the rain

To every word of love, I heard you whisper
The raindrops seemed to play a sweet refrain
Though spring is here, to me it's still September
That September in the rain
