THE NEW WEARS OFF TOO FAST

Writers Hank Thompson, Billy Gray

To someone new you're about to go But after the  
Charm has passed You'll come back because I know  
the new wears off too fast. You're like a Kid with a  
brand new toy but the luster just won't last, Your latest  
love is a passing joy 'Cause the new wears off too  
fast... CHORUS You find a fascination In loving  
someone new They draw you like a magnet and then  
you say "we're thru!" The love you thought was pure as  
gold was just as cheap as brass I knew his love would  
soon grow old 'cause the new wears off too fast You  
say you found another one who's really in your class  
But you'll find he's not your kind 'Cause the new wears  
off too fast All that glitters is not gold Gems alone,  
don't flash, Your one-time thing is a passing fling  
'Cause the new wears off too fast CHORUS
