If I'll ever fall in love with someone you'll be the one  
If I'll ever feel the feeling coming you'll be the one  
If I'll ever decide to hold someone and say I love you  
true  
Well I can promise this the one I kiss will be you

If I'll ever get my heart in shape dear to love once more  
Then it'll be yours to break dear like the time bofere  
If I'll ever decide that heartaches and sleepless nights  
are fun  
If I wanna get hurt by a real expert you'll be the one

[ guitar - fiddle - piano ]  
If I'll ever get my heart in shape...
