Close the curtains and lock the doors  
Shut down my day I won't answer anymore  
I've got things on my mind and troubles to bare  
Love is cruel, love is kind and it's everywhere

You found me overwhelmed  
And clinging to my knees  
You may not know it babe  
But you've been helping me

I've been in deep waters  
Searching for some change  
I've got dreams like the weather  
And habits just as strange  
Ooh, ooh, ooh

You don't find it in writing  
When the heart does so much talking  
That the dialogs becomes a way of rhyme

We could go on weighing  
Our peace in good measures  
We still would have run out of time

So don't weigh your body down  
If you wanna shout it out loud  
I will be your ears  
And I would tell you I'm so proud

Of our love up to the last  
How it all flipped by so fast  
Give us both chance to rise  
After a fall like this  
Ooh, ooh, ooh

I wish you all that you could wish for  
All that you can hold  
But this love is deeper waters  
To no mould

Open your arms again in time  
You will find comfort there

Love is cruel, love is kind  
And it's everywhere
