Capo: 4th fret/key: b/play: g

[g] for years we both have lived on pride, [d7] dear

And we agree that love is [g] gone

Why, oh why do we keep [d7] tryin

A house without love is not a [g] home. [g7]

The [c] lovelight in your eyes has [g] faded

And Im contented just to [d7] roam

We [g] slaved to gain a worthless [d7] treasure

A house without love is not a [g] home.

No matter where our footsteps wander

I know well both be all alone

With the pride that came between us

A house without love is not a home.

The simple things have gone forever

We wanted wealth to call our own

And now weve reached the hour of parting

A house without love is not a home.
