If I didn't love you I wouldn't be lonesome
and I'd never cry over you.
If I didn't Love You I wouldn't be jealous
'cause I wouldn't care what you do

Chorus

People are saying that you'll let me down
But I know someday you'll come through
If I didn't love you I wouldn't be lonesome
Waiting and longing for you

If I didn't love you I wouldn't be pining my heart out
the way that I do
If I didn't love you I wouldn't be wondering
who's sharing this moment with you.

Chorus

Time after time I have proved that I care
I've tried to be faithful and true
If I didn't love you I wouldn't be lonesome
Waiting and longing for you
