At first when I heard of some people who claim  
That the old time religion was real  
I said, "I'll go down, take a look at the crowd  
For just that weak-minded I feel"

I walked up the steps and I peeked in the door  
But the Devil said, "Don't you go in!"  
But I said, "It won't hurt me I'll just step inside  
And set as far back as I can"

But something got a hold of me, praise God  
Yes something got a hold of me  
I went there to fight but I'll tell you that night  
God certainly got a hold of me

They sang like they meant it, they all clapped their  
hands  
I said, "Its commotion, thats all"  
When they get down to pray, I'll just get up and leave  
For I don't wanna be seen here at all

But I bowed that time he got started to preach  
And he looked straight down at me  
He told everybody how mean that I was  
He didn't talk like he thought much of me

I sat in my seat just thinkin' it o'er  
And then they all started to pray  
The fire fell from Heaven, I knelt to the floor  
I prayed there and God had His way

And now then I know that I don't need to doubt  
For I got an experience that night  
I will never forget it as long as I live  
I found that salvation was right

But something got a hold of me, praise God  
Yes something got a hold of me  
I went there to fight but I'll tell you that night  
God certainly got a hold of me
