You wore out a brand new trunk
Packin' and un-packin' your junk
Your daddy's mad, he's done got peeved
You're gonna change or I'm a-gonna leave

You're gonna change your way of livin', change the
things you do
Stop doin' all the things that you oughten too
Your daddy's mad, he's done got peeved
You're gonna change or I'm a-gonna leave

This ain't right and that is wrong
You just keep naggin', all the day long
Its gotta stop, I don't mean please
Now, you're gonna change or I'm a-gonna leave

The way to keep a woman happy and make her do
what's right
Is love her every mornin', bawl her out at night
Your daddy's mad, he's done got peeved
Now, you're gonna change or I'm a-gonna leave

Every time you get mad
You pack your rags and go back to dad
You tell him lies, he don't believe
Now, you're gonna change or I'm a-gonna leave

You're gonna change your way of livin', change the
things you do
Stop doin' all the things that you oughten too
Your daddy's mad, he's done got peeved
You're gonna change or I'm a-gonna leave
