Yeah I'm trying to get along  
Looking for a good time again  
I've been rocking more than hard  
I dont care about living to win  
Looking all around Tennessee and looking in Kentucky  
too  
I'm a rocking rolling rebel  
Just doing what I like to do  
I am rocking rebel taking what I can just trying to get  
by  
I am a rocking rebel looking for another southernly  
life  
Drifting through the night time, day time then let me  
down  
Doing what I can to burn down the night and take the  
town

I've been far down than busted and lost it one time or  
two  
And I know how to make the best when you got nothing  
to  
lose  
Working hard living strong and doing what the hell we  
can  
We just trying to have some fun living in our Southern  
land  
Yeah, we're doing what we can just trying to make an  
extra dime  
Our eyes are wide open while you're trying to take our  
guns and our rights  
We've been on the outside and know how to fight like  
men  
We are living by the laws of the outlaw convention

Living hard and sometimes we get thrown out  
Keep on keeping on, you know we can always do  
without  
They say there's gonna be hell to play you know its  
true  
We will do standing there ready to fight up [?]  
Living strong, running hard, doing time is what we're

about  
Doing time running hard being loud being from the  
south  
Raising hell and having fun, living by the gun we're  
all about the outlaw convention  
Raising hell and having fun, living on the run we're  
all about the outlaw convention  
Raising hell and having fun, living by the gun we're  
all about the outlaw convention
