Well the bottles getting lower again my friend
And hard times are trying it's best to get in
The bottles getting lower again my friend
So do yourself a shot and lets start to sin

The bottles getting lower again my friend
And do yourself a shot and lets start to win
The bottles getting lower again my friend
So lets light up a smoke and live hard till the end

And i'm doing right and you can do me wrong
Look out darling cause you know i'm c*ck strong
You can do me right and i'll do you wrong
Look out darling cause i'm showing you the rebel within

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

The more i try to keep on headin down, it makes me
feel like i've lost everything i've owned
maybe it was all the hell i raised, or that fifth of whiskey
that I drank for days
Was it cause I don't fit in, or maybe it was cause I had
the devil as a friend
Now I know I never made momma proud, lets light up a
smoke and we'll shoot it down

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

I'm drunk, again
You're stoned, again

Let's fuck, I'm showing you the rebel within

The more I try to do right, it just seems wrong
I guess that's the curse of livin' out my songs
Born of bad blood since day number one
Hell I was born soft? and a loaded gun
The life I live has always been fast as can be
And i never let the hard times make me weak

the bottles gettin' lower again my friend again
so lets light up a smoke and live hard to the end
And i'm doing right while you're doing wrong
Look out darlin' cause you know i'm c*ck strong
You can do me right and i'll do you wrong
Look out darlin' cause i'm showing you the rebel within

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

I'm drunk, again
You're stoned, again
Let's fuck, again
Till dawn, again

The rebel within (i'm showing you), the rebel within
The rebel within (i'm showing you), the rebel within
