The darkness of my world was all cleared away
The flowers are blooming, it's a beautiful day
There's a girl with a heart as big as the sky
She's sunshine and I know why

All for the love of sunshine
All for the love of sunshine
The Lord smiled down on this life of mine
And sent me the love of sunshine

Though sunshine can always make my days seem
bright
Sunshine can warm up a cold, cold night
I know my sunshine was sent from above
An angel that's filled with love

All for the love of sunshine
All for the love of sunshine
The Lord smiled down on this life of mine
And sent me the love of sunshine

Through winter, the springtime, the summer and fall
The moonlight, the starlight, she outshines them all
In a world filled with fear, with pain and such harm
My sunshine can't be so warm

Now I live, all for the love of sunshine
All for the love of sunshine
The Lord smiled down on this life of mine
And sent me the love of sunshine

All for the love of sunshine
All for the love of sunshine
The Lord smiled down on this life of mine
And sent me the love of sunshine
All for the love of sunshine
All for the love of sunshine
