The evening is lonesome babe
And the dead of night is cruel
And I recall all the things we done
Ya know I'm always loving you

Sometimes I think that my trains done gone
The way all old things must do
Yet I still wait for it's return
Just like I still wait for you

And I still hear that old whipper will
I've seen the ghost of the midnight train
And I still love to walk alone
Down by the old union station in the rain

Now I don't know where you are tonight
But I feel you across the miles
Am I still standing there inside your mind
Just behind a pretty smile

Hey babe, can ya hear that old whipper will?
Have ya seen the ghost on the midnight train?
Do you still love to go alone
Down by the old union station in the rain?
Down by the old Montgomery station in the rain
