Old Doc Holliday was tendin' the town, old Doc Holliday  
was tendin' the town  
But he heard the news goin' around that the Plainfield  
Kid was gonna shoot him down  
Won't you have another drink on me, Doc Holliday  
Have another drink on me (Doc Holliday)  
Have another drink on me Doc Holliday, the Kid ain't  
gonna shoot you down

Old Doc Holliday was leanin' on a stand, pistol on his  
hip and redeye in his hand  
The Kid come wobblin' down the street, old Doc said  
Kid this ain't no way to meet  
Won't you have another drink on me...  
The Kid drew his pistol and Doc did too, Doc got to him,  
shot him through  
But Kid looked up said don't shoot me more, but Doc  
just smiled and emptied his 44  
Oh won't you have another drink on me...  
Have another drink on me...
