Don't think that I've been lonely because you left me
And broke my heart in two
I've got company, I'm going steady with the blues

Yes, every evening while you are dancing and you're
romancing
Oh well, I'm busy too
I've got company, I'm going steady with the blues

Though I don't have you in my embrace
Found a lotta things to take your place
I've got my teardrops, I've got my heartaches

So don't you worry I won't be needin' you
I've got company, I'm going steady with the blues

Though I don't have you
I've got company, I'm going steady with the blues
Don't you worry 'bout me, going steady with the blues
