Well if your from Texas it's more or less a law
There's no love loss for Oklahoma, especially in
football
Well partner it's time for that ol' myth to die
I want you to see how they treated me in Enid last night

I was feeling low in Fort Worth, I had the heartbreak
blues
My sweet love had left me for some California dude
To Sacramento that girl did go, said she won't be back
Well I never thought I could feel so good after I hurt so
bad

Yes I was greeted in Enid last night
That old Oklahoma hospitality was really nice
Cause my girl walked out in cow-town and left me high
and dry
But I was trapped down and loved on site
Oh those sooner folks are alright
I was greeted in Enid last night

Now thie pretty Ok-city-billy has really stole my heart
And I'll take bets that her and Tex are never gonna part
Well who would dream it here in Enid I would meet my
wife
And Oklahoma and Texas are gonna get along just fine

Yes I was greeted in Enid last night
That good old Oklahoma hospitality was really nice
Yes my girl walked out in cow-town and she told me
bye bye
But I was trapped down and loved on site
Oh those sooner folks are alright
I was greeted in Enid last night

I think I forgot my hat honey
