I think uncle sam killed Maralyn Monroe.
I think there's a lot of things.
Our leaders don't want us to know. Like
Why is it so easy to buy crack out on the street.
It's our national shame playing these games,
Playing hide and seek.

Now what if you an I was a hundred thousandover
On our bank accounts?
And the s and L scandal, tax payers can bail 'em out.
And the Anita Hill Hearings, what exactly did that
prove?
Except that a lot of senators think they're holier than
you.

Let's cover it up Let' hide it No one can ever tell.
Let's cover it up let's hide it before it starts to smell.
Don't rock the boat, don't make any waves.
Just write a brand new speech.
Well here we are two hunderd years old.
And we're still playin' hide andseek.

Now the Rodney King case, if that ain't the livin' proof,
Six guys nearly beat 'I'm to death, and they all flew th
coop?
And I don't like those odds of six goin' on one,
We're all playin' hide and seek, and noones havin' fun.

Our president didn't go to Viet Nam, He went
To harvard to write a speech.
Now come on who's kiddin' who?
It's American hide and seek.
